Special 2011 Show Edition

The place where people who love to garden love to shop

Van Wilgen's Garden Center, 51 Valley Road (off Route 139)

North Branford, Connecticut 203-488-2110

The Connecticut Orchid Society wishes to thank the Van Wilgen's family & staff for their generous support, and use of their greenhouse to present our show.

During this lovely autumn season, why not take a ride and visit Van Wilgen's Garden Center. Their garden shop is filled with unique and outstanding tools, unusual garden accessories, and many useful items for your home. Don't forget to include a stroll through their lovely outdoor gardens, and take a moment to thank them for making our 2011 *Orchid Harvest Show* a success.

Van Wilgen's is an internationally recognized garden center with experts ready to assist you in designing your own home landscaping. Their helpful staff will provide you with planting guidance and helpful growing tips. Why not join their Garden Club?

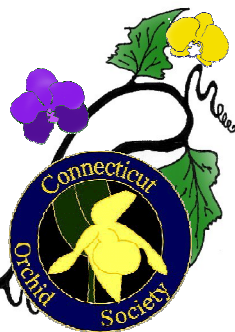

A view of Van Wilgen's outdoor gardening area. *Corporate Caterers* provided our guests with a variety of breakfasts and lunches at their blue tent, including pulled pork from their grill and delicious clam chowder.

A decorative black vine with green leaves and various colored orchids (red, purple, yellow, pink) winds around the text. The word "Orchid Harvest" is written in a large, purple, serif font. A small yellow orchid is placed above the letter 'i' in "Harvest".
